PROFESSIONAL SUMMARY

B.Tech Computer Science Engineering student (CGPA: 8.0) with hands-on experience building full-stack web applications using Python and Django. Skilled in designing REST APIs, relational database schemas, and secure authentication systems, with projects spanning team collaboration tools and content platforms serving real users. Seeking a Software Development / Backend Engineering internship to contribute to production-grade systems while deepening my expertise in scalable web architecture.

TECHNICAL SKILLS

Programming Languages:	Python, JavaScript, SQL, C, C++, HTML5, CSS3
Web Development:	Django, Django REST Framework, Flask, REST APIs, Bootstrap
Databases:	MySQL, PostgreSQL, MongoDB
Tools:	Git, GitHub, Postman, Docker (Basics)
Core Concepts:	OOP, MVC Architecture, API Design, Authentication & Authorization, Data Structures

PROJECTS

TaskFlow — Team Task Management Web App

Python, Django, Django REST Framework, PostgreSQL, JWT

- Built a full-stack task management platform enabling teams to create, assign, and track tasks across projects in real time.
- Designed a REST API with Django REST Framework and implemented JWT-based authentication to secure user sessions and role-based access.
- Modeled a normalized PostgreSQL schema supporting multi-team workflows, reducing duplicate data and improving query speed by 30%.

BlogSphere — Full-Stack Blogging Platform

Python, Django, MySQL, Bootstrap

- Developed a full-stack blogging platform with user authentication, rich-text post creation, and comment threads.
- Implemented Django's MVC architecture to cleanly separate business logic, templates, and data models for maintainability.
- Optimized MySQL queries and added pagination, cutting average page load time by 25% for content-heavy pages.

EDUCATION

B.Tech, Computer Science & Engineering — CGPA: 8.0 / 10 2023 – 2027

Global Group of Institutes, Amritsar

Relevant Coursework: Data Structures, Database Management Systems, Web Technologies, Object-Oriented Programming, Computer Networks, Software Engineering

Senior Secondary (Class XII) 2023

Percentage: 75%

Secondary (Class X) 2021

Percentage: 80%

CORE COMPETENCIES

Communication, Adaptability, Problem Solving, Team Collaboration, Fast Learner, Time Management
